

HOMEOWNERS' HANDBOOK Exhibit 1

DUNSTAN CROSSING MASTER ASSOCIATION RULES AND REGULATIONS

GENERAL

1. **Adoption and amendment.** The Dunstan Crossing Master Association ("Master Association") has adopted the following Rules and Regulations ("Regulations") pursuant to the recorded Master Declaration of Covenants, Conditions, and Restrictions as they may be amended (the "Master Covenants").

These Rules and Regulations apply to both lots and condominium units. The term "Unit" shall mean both a condominium unit and a residence constructed on a Lot.

The Dunstan Crossing Condominium and the Homeowners Associations may adopt additional or more restrictive rules and regulations. These Rules and Regulations may be amended from time to time by resolution of the Board of Directors of the Master Association.

2. **Compliance, Costs and Expenses.** All Owners, their families, guests, invitees and all other persons on the Property, shall comply with these Regulations. The cost of repairing any damage resulting from noncompliance with the Rules and Regulations caused by an Owner, his family, guests and invitees, shall be paid by the Owner.

After notice and opportunity to be heard, the Board of Directors may fine Owners for each day of noncompliance with the Rules and Regulations, Bylaws and the Master Covenants. Each Owner shall pay the legal expenses of the Master Association in enforcing compliance with these Rules and Regulations, with the Master Association's Bylaws, and with the Master Covenants, including without limitation any breach by the owner, members of his family, guests and invitees.

3. **Obstructions.** There shall be no obstruction of the Common Areas.

5. **Document Conflict.** In the event these Rules and Regulations conflict with the provisions of the Master Association's Bylaws or Master Covenants, the latter shall control.

6. **Insurance, etc.** No Owner shall permit anything to be done or kept in his Unit or on the Common Areas which will result in the cancellation or reduction in the scope of insurance on the Common Areas, in an increase in the amount of the premiums, or permit anything which would be in violation of any building or fire code.

Each Owner should obtain, at his own expense, a personal homeowners insurance policy (for example, form HO-3 as established by Insurance Services Office, Inc.) or a condominium insurance policy (for example, form HO-6) for the coverage within the deductible of damage to his Unit and to his personal property for his own benefit and for his personal liability; provided, however, that no Owner shall maintain insurance coverage which would decrease the amount which the Master Association may realize under any insurance policy maintained by the Master Association or which would cause any insurance coverage maintained by the Master Association to

be brought into contribution with insurance coverage obtained by an Owner. All such policies shall contain waivers of subrogation in favor of the Association. Neither the Master Association, nor its officers, directors or manager,s have any obligation to monitor whether an Owner has procured such insurance coverage.

7. **Trash.** All garbage and trash must be stored inside a Unit or in a house or screened from view until the day designated by the Master Association or by the Town of Scarborough (once the roads have been accepted) for pick up, at which time it may be left outside in an animal-proof, covered container. Occupants shall comply with any procedures required by the Town, including those which stipulate the use of certain types of containers.

Empty trash receptacles shall be promptly returned to the interior of the Unit by the end of the day of pick up. Any trash spread over lawns and common areas shall be promptly picked up by the Owner.

8. **Plumbing and Electrical.** Each Unit shall deposit only ordinary household waste in the sewerage system. No fat, grease, oil, petroleum, sweepings, rags, ashes or other improper articles shall be deposited in the sewerage system.

No person shall overload the electrical wiring or operate any machinery, appliances, accessories or equipment in such a manner as to cause, in the judgment of the Board of Directors, any unreasonable disturbance, or shall make any alterations to or connections with the common electrical, plumbing, or sewage disposal systems unless Design Review approval has been received.

9. **Unit Condition and Repair.** Each Owner shall keep his Unit in a neat and attractive manner, and in a good state of preservation, repair and cleanliness, and shall not sweep or throw or permit to be swept or thrown any dirt or other substance onto the Common Areas.

10. **Structural and Common Element Changes.** Nothing shall be done in any Unit or on the Common Areas which may impair the structural integrity of the building or which may structurally change the building, nor shall anything be altered or constructed on or removed from the Common Areas except upon the prior written consent of the Board of Directors or as otherwise provided in the Master Covenants and in the Design Review Guidelines.

11. **Antenna.** No exterior antennas, aerials, satellite dishes, or other apparatus for the transmission or reception of television, radio, or other signals of any kind shall be placed, allowed, or maintained upon any portion of the Property, including any Unit, except upon receipt of Design Review approvals under the Master Covenants, excepting certain small dishes as allowed by the Federal Communications Commission. Developer and/or the Master Association shall have the right, without obligation, to erect aerials, satellite dishes, or other apparatus for a master antenna or cable system for the benefit of all or of a portion of the Property, should any such master system or systems be utilized by the Master Association or any Neighborhood Association.

Pursuant to regulations adopted by the Federal Communications Commission, an antenna that is one meter (39") or less in diameter designed to receive direct-broadcast satellite service, including direct-to-home satellite service, or programming services via wireless cable, may only be located on a Unit in areas exclusively owned by and within the control of the Unit Owner, *excluding* any Master Common Areas and any Condominium Common Areas and Limited Common Areas.

Unless an acceptable quality signal cannot otherwise be received, all such antennas, dishes and towers must be set back more than one (1) time their total height above ground from all Lot boundary lines (front, rear and side) and shall be screened from view from the streets and from all other Units to the extent feasible, and shall be painted so that they blend into the background against which they are mounted.

12. Noise/Nuisances. No noxious or offensive activity shall be carried on in any Unit or on the Common Areas, nor shall anything be done therein which may be or which may become an annoyance or nuisance to the other Owners or occupants. No disposal of waste shall be committed on the Common Areas.

No Owner shall make or permit any disturbing noises or do or permit any noise which will interfere with the rights, comforts or convenience of other Owners with normal sensibilities, including without limitation the actions of pets.

All Owners shall keep the volume of any radio, television, musical instrument and other devices sufficiently reduced at all times so as not to disturb other Owners with normal sensibilities, as determined by the Board of Directors.

Furthermore no Owner shall operate or permit to be operated any such sound-producing devices in a Unit between the hours of 11 o'clock p.m. and the following 8 o'clock a.m. if such operation shall disturb or annoy other occupants with normal sensibilities.

Except activities conducted entirely within the Unit or within a house, not detectable from outside the Unit or a house and not involving visits by customers, salesmen or clients, no unit shall be used for commercial or business purposes.

No Unit shall be used or rented for transient, hotel or motel purposes.

As further appears in the Master Covenants, no portion of any Unit (other than the entire Unit or a permitted Accessory Living Unit) shall be leased for any period. No Owner shall rent or lease a Unit other than in accordance with a written form of lease, for a period of not less than six (6) months, which provides that the tenant and all other occupants must comply with the Master Covenants, these Bylaws, and the Rules and Regulations, and that the tenant's failure to comply constitutes a default under the lease. Before a Lot Owner applies to the Town of Scarborough for approval of the Accessory Living Unit, the Lot owner must first obtain the written approval of the Board of Directors of the Homeowners Association, subject to such conditions as it may establish, based on a determination that the Accessory Living Unit will not have an adverse impact on neighboring Lots and that the foregoing standards are met. The Homeowners Board may revoke or condition its approval after-the-fact if the Accessory Living Unit no longer meets these standards.

No Condominium Unit may contain an Accessory Living Unit.
